

(4) DoD Components shall annotate announcements to Congress when a cost comparison is planned at an activity listed in the report to Congress on Core Logistics (see § 169a.8(b)(1)(i)(2) of this part).

(5) The DoD Components shall notify Congress, at least 5 working days before sending the detailed summary report required by 10 U.S.C. 2461 to Congress. The detailed summary of the cost shall include: the amount of the offer accepted for the performance of the activity by the private contractor; the costs and expenditures that the Government will incur because of the contract; the estimated cost of performance of the activity by the most efficient Government organization; a statement indicating the life of the contract; and certifications that the entire cost comparison is available, and that the Government calculation for the cost of performance of such function by DoD employees is based on an estimate of the most efficient and cost-effective organization for performance of such function by DoD employees.

(6) The potential economic effect on the employees affected, the local community, and the Federal Government of contracting for performance of the function shall be included in the report to accompany the above certifications, if more than 75 total employees (including military and civilian, both permanent and temporary) are potentially affected. It is suggested that the Army Corps of Engineers' model (or equivalent) be used to generate this information. The potential impact on affected employees shall be included in the report, regardless of the number of employees involved. Also include in the report a statement that the decision was made to convert to contractor performance, the projected date of contract award, the projected contract start date, and the effect of contracting the function on the military mission of that function.

(7) By December 15th of each year, each DoD Component shall submit to the ASD(P&L) the data required by 10 U.S.C. 2461(c). In describing the extent to which CA functions were performed by DoD contractors during the preceding fiscal year, include the esti-

mated number of work years for the in-house operation as well as for contract operation (including percentages) by major OSD functional areas in Appendix A to this part; such as, Social Services, Health Services, Installation Services, etc. For the estimate of the percentage of CA functions that will be performed in-house and those that will be performed by contract during the fiscal year during which the report is submitted, include the estimated work years for in-house CAs as well as for contracted CAs and the rationale for significant changes when compared to the previous year's data. Also, include the number of studies you expect to complete in the next fiscal year showing total civilian and military FTEs.

APPENDIX A TO PART 169a—CODES AND DEFINITIONS OF FUNCTIONAL AREAS

This list of functional codes and their definitions does not restrict the applicability or scope of the commercial activity Program within DoD. Section B. of DoD Directive 4100.15 defines the applicability and scope of the program. The commercial activity program still applies to CAs not defined in this listing. These codes and definitions are a guide to assist reporting. As new functions are identified, codes will be added or existing definitions will be expanded.

Social Services

G001 Care of Remains of Deceased Personnel and/or Funeral Services. Includes CAs that provide mortuary services, including transportation from aerial port of embarkation (APOE) to mortuary of human remains received from overseas mortuaries, inspection, restoration, provision of uniform and insignia, dressing, flag, placement in casket, and preparation for onward shipment.

G008 Commissary Store Operation. Includes CAs that provide all ordering, receipt, storage, stockage, and retailing for commissaries. Excludes procurement of goods for issue or resale.

G008A: Shelf Stocking.
